Site visits are conducted for properties that are new items on the City Council Agenda and are held preceding a Public Hearing. It is encouraged that the applicant and/or owner to be present to answer any questions that may arise. Site visits are generally short (10 to 20 minutes) because of time constraints. Any presentations and testimony you may wish to give should be saved for the Public Hearing.

During the Site Visit, the City Council may only discuss items related to the project. The agenda does not allow any formal votes or motions on the proposed project or other matters. The Site Visit is an informational meeting where the Council may ask questions from or hear statements from members of the public attending the Visit.
