Housing Element Update

SARATOGA
California

HELP THE COMMUNITY DECIDE WHERE TO PLACE **OVER 1,700 NEW HOMES** IN SARATOGA

Housing Element Overview

The City has kicked off the process to update the next General Plan Housing Element! Every 8 years, California cities are **required** to update their Housing Element to **plan for projected housing needs at all income levels**. Saratoga may need to plan for **over 1,700 new homes to be built in Saratoga** between 2023 and 2031. The decisions made during this process could cause **significant changes in Saratoga**.

Why Your Input is Critical

The first step in addressing this challenge will be to learn about the **community's values and priorities**, and to identify **possible solutions and policy changes**. While the updated Housing Element is not due until January 2023, starting this process early provides an opportunity for the community to **participate before it's too late**. We know you have a lot on your plate, but don't miss your chance to **shape the community you live in**.
